TESTIMONIALS

"I spent 4 months in Cusco at Proyecto Peru. I was able to stay with a local family through their homestay program. When I arrived I didn't know any Spanish, but now I am at a level where I can converse fluidly, and understand almost everything said to me in Spanish. 10/10 would recommend for anyone wanting to experience South American culture and improve their Spanish."
M'Kala Robinson

"Had a great 3 weeks volunteering with Proyecto as part of our medical elective. They organised a placement for us at a private clinic, put us with a lovely host family, and also organised some amazing tours including Palcoyo and the Salkantay trek. Thank you so much for a great 3 weeks!"
Nanoko Forrest

"I spent close to 3 months volunteering at Perritos Soy Callejerito dog shelter in the mornings and learning Spanish with Proyecto in the afternoon. I had a great experience living with my host family, exploring Peru every weekend on guided trips or solo hikes, and socialising with the other students at salsa, volleyball, and game nights. My Spanish has improved tremendously and I cannot recommend this experience enough. I am sad to leave today"
